230, San Antonio, TX 78216

What is RECSA's Community Project?

The Community Project provides a tangible benefit to an active partner organization in the larger San Antonio community that is unique to the skill sets of our members being from the local real estate industry.

Our 2023 Project

The 2023 Project will revitalize the outdoor spaces of SAMMinistries' Transitional Living and Learning Center (TLLC) for family-friendly functionality. The project will increase the usability of the existing spaces and encourage year-round outdoor play and family bonding activities

About SAMMinistries

SAMMinistries prevents homelessness in San Antonio through a compassionate, holistic approach that brings self-sufficiency, pride and dignity to struggling families with nowhere else to turn.
