## What is RECSA's Community Project?

The Community Project provides a tangible benefit to an active partner organization in the larger San Antonio community that is unique to the skill sets of our members being from the local real estate industry.

## Our 2026 Project

The 2026 Project will revitalize the Ascension DePaul community recreation area by giving clients and community spaces to meditate, gather, and play. The upgraded space will include activity areas for family bonding and quiet spaces for reflection and conversation. This project will be accomplished by volunteers on Event Day on October 17, 2026.

## About Ascension DePaul Services

Ascension believes in serving the whole person wherever they are in their life journey. Through parenting classes, affordable, high-quality childcare, comprehensive healthcare, and a number of other life-changing services, we strive to encourage growth, provide opportunities, and break the cycle of generational poverty.
